

**Declaration 5**

**Biocides or biostatic agents**

Producer/Supplier:
Product name:
Area of application:

**Are the biocides or biostatic agents potentially bio-accumulative?**       **Yes**       **No**

Biocides are the active ingredients in slimicides (not bio-accumulative, if  $BCF \leq 100$  or  $\log P_{ow} < 3,0$ , OECD test methods 107, 117 or 305 A-E).

The test results shall be provided in a safety data sheet or in a test report presented by the supplier.
